Adobe Road Winery owners Kevin and Debra Buckler have a driving passion for wine. They established the winery in 2002 with a commitment to making the very best small lot wines by sourcing premier fruit from some of the most historic and finest family-owned vineyards in Sonoma County and Napa Valley. Prominent partner vineyard sites include Rutherford’s **Beckstoffer Vineyards** (Cabernet Sauvignon, Malbec), **Famighetti Vineyards** (formerly Kemp) in the Dry Creek AVA (Zinfandel and Rhone varietals) and **Sangiacomo Family Vineyards** (Pinot Noir, Chardonnay, Syrah) in the new Petaluma Gap AVA.

Handcrafted to perfection, the wines are expressive of the individual vineyard and appellation, capturing the optimal fruit character of each varietal. This winemaking philosophy and drive for excellence have made Adobe Road one of the hottest and most acclaimed boutique wineries in the country.

And the accolades keep coming. Adobe Road continues to receive recognition and consistent 90+ scores from leading industry publications such as **Wine Spectator** and **Robert Parker’s Wine Advocate**.

Adobe Road Winery is proud of its unique ties to the world of professional sports car racing. The winery is the sister company to The Racers Group (TRG), the most successful privateer racing team in North American history, with Adobe Road owner and championship race car driver Kevin Buckler at the helm. The aspiration to achieve the same monumental success in the wine industry is a result of the competitive spirit and drive to achieve excellence that is engrained in the foundation of Buckler’s “endurance racing” philosophy.

Building on this success, Adobe Road Winery is developing and building the first ever waterfront winery, visitors center, tasting room, corporate facilities and automotive museum on the riverfront in downtown Petaluma. This new state-of-the-art facility taking full advantage of Petaluma’s vibrant, funky vibe, will become a gateway destination to California Wine Country.

The Bucklers are delighted to share their delicious, award-winning wines with you.

Adobe Road Winery founder and CEO Kevin Buckler has a knack for building innovative and successful companies. He is an entrepreneur, professional racecar driver and CEO of The Racers Group, a multifaceted motorsports operation.

Kevin’s passion for wine, knowledge and hands-on philosophy come through in every delicious glass of Adobe Road wine -- he spends countless hours working closely with his winemaker Garrett Martin to perfect the flavor and balance of very release. It's not a surprise that the winery continues to collect medals, accolades and awards, year after year, as well as invitations to pour at some of the most prestigious wine events in the country, including Wine Spectator’s Wine Experience, sealing its reputation as one of the hottest boutique wineries in the U.S.

Adobe Road winemaker Garrett Martin will tell you that winemaking is all about the journey of raw ingredients, transformed into something greater. His goal is to allow the wine to express its own personality, telling the story of its origin through his artisan skill and techniques during harvest, crush, fermentation, clarification, aging and bottling. He enjoys being creative and focused on crafting the highest quality wines while working in close relationship with founder and CEO Kevin Buckler, each individual vineyard partner, grower and his small team.

While at Sonoma State University, Garrett developed a love and passion for wine and viticulture, completing his training in the vineyard, lab and winery at Santa Rosa Junior College's Shone Farm. Over the next 10 years, he honed his winemaking skills at a variety of cellars in Sonoma and up and down the Napa Valley. When the opportunity at Adobe Road presented itself in 2015, Garrett jumped at the chance to create world-class wines in his hometown.
