

**2013**  
*Semillon*

Knights Valley  
Bavarian Lion Vineyard

Semillon is a unique wine varietal capable of many different expressions depending on the soil, climate and winemaker's vision. When grown in the deep, rocky volcanic soils and warm climate of the Bavarian Lion Vineyard, it yields ripe, balanced flavors and a rich texture that sets it apart from the vast majority of white wines. A clear medium gold in color, the wine enchants with captivating aromas of pineapple, gardenia, Kaffir lime leaf, shitake mushroom and just a hint of butterscotch. Dried apricot, mango, lanolin and truffled popcorn coat your mouth while the lively acidity leaves your palate cleansed and asking for more. A versatile food wine, this Semillon will pair well with everything from Thai to Middle Eastern cuisine, and of course is a fabulous compliment to fleshy fish like Hake, Monkfish or Chilean Seabass.

Alcohol 14.5% by volume
